

Moving ministries forward, *together.*

## **2025 Grant Cycle Updates**

### **Eligibility:**

- MMFA accepts grant applications from 501(c)(3)s domiciled in the United States and from Moravian ministries in North American countries. Preference is given to U.S. Moravian congregations, fellowships, agencies, missions, and emerging ministries.
- Previous recipients may apply for a grant from the same fund every three years; this means if your last grant award from a fund was **in or prior to 2022**, you are eligible to apply again in 2025.
- If you applied for a grant in the past two years and were not awarded one, you may apply to that fund again at any time.
- Previous recipients may apply for a grant from a different fund at any time.
- All new applicants will be required to have a consultation prior to receiving the information to apply online.

### **Number of applications:**

- Each organization may submit only **one** grant application in 2025.

### **Pass-through grants** (defined as the applicant giving all or a portion of the grant award to another organization):

- We **strongly encourage** the organization that will be utilizing the grant award to be the applicant.
- For pass-through grants that will be utilized in another country, we **strongly encourage** the applying organization to collaborate with the Board of World Mission or Unity Women's Desk.
- Pass-through grant applicants will answer additional questions on the application to assist our Grant Advisory Committee with making award decisions.

Moving ministries forward, *together.*

**Timing:**

May 15-June 15: application period  
July 30: applicants notified of decision  
July 31: grant awards announced

**Application Process:**

Applicants submit their grant application online through MMFA's Grant Lifecycle Manager (GLM) site.

New applicants create an account for their organization and log in to submit their application, see the award decision, and submit their grant report once the funds have been utilized. More information will be shared during the grant consultation.

2024 applicants who already have a GLM account for their organization will log into their existing account to submit their 2025 application.

To begin the application process, please contact Laura Watson, Vice President/Director of Programs at 336.725.2589 or [lwatson@mmfa.com](mailto:lwatson@mmfa.com). Laura will determine whether your organization is required to have a consultation; if it is not, Laura will provide you with online access to the correct grant application in GLM.

If you have any questions about this year's field of interest fund grant cycle, please contact Laura.
